

FEDERAL ENERGY REGULATORY COMMISSION
WASHINGTON, D.C. 20426

OFFICE OF ELECTRIC RELIABILITY

North American Electric Reliability Corporation
Docket No. RD21-3-000

February 19, 2021

North American Electric Reliability Corporation
1325 G Street N.W., Suite 600
Washington, D.C. 20005

Attention: Lauren A. Perotti, Senior Counsel
North American Electric Reliability Corporation

Reference: Petition of the North American Electric Reliability Corporation
for Approval of Errata to Reliability Standard FAC-001-3

Dear Ms. Perotti:

On January 7, 2021, the North American Electric Reliability Corporation (NERC) filed a petition seeking approval of an errata to Reliability Standard FAC-001-3. NERC states that it inadvertently submitted a draft version of Reliability Standard FAC-001-3 as Exhibit B to its April 20, 2016 petition instead of the final version. However, NERC explains that the correct version of the standard was accurately described in the body of the April 20, 2016 petition. The errata removes the word “transmission” from Requirement R3.3, and the word “generation” from Requirement R4.4. NERC maintains that these revisions more clearly reflect the intent of the drafting team that a Transmission Owner or Generator Owner properly address procedures for confirming that those responsible for reliability of the applicable affected systems are within a Balancing Authority Area’s metered boundary.

NERC’s filed petition was noticed on January 8, 2021, with interventions, comments, and protests due on or before February 8, 2021. No interventions, comments or protest were filed.

NERC’s uncontested filing is hereby approved pursuant to the relevant authority delegated to the Director, Office of Electric Reliability under 18 C.F.R. § 375.303 (2020), effective as of the date of this order.

This action shall not be construed as approving any other application, including

proposed revisions of Electric Reliability Organization or Regional Entity rules or procedures pursuant to 18 C.F.R. § 375.303(a)(2)(i). Such action shall not be deemed as recognition of any claimed right or obligation associated therewith and such action is without prejudice to any findings or orders that have been or may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against the Electric Reliability Organization or any Regional Entity.

This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order, pursuant to 18 C.F.R. § 385.713 (2020).

Sincerely

**JAMES
