Re: Informational Filing Dated June 29, 2018, Docket No. RM13-11-000

Dear Ms. Bose:

The North American Electric Reliability Corporation (“NERC”) hereby submits a supplement to the informational filing submitted to the Federal Energy Regulatory Commission (“Commission”) in this docket on June 29, 2018¹ (“Informational Filing”). This supplement is submitted to provide additional information that in the Western Interconnection, 18 Balancing Authorities met their compliance obligations during the initial year of implementation of Reliability Standard BAL-003-1.1 through participation in a Frequency Response Sharing Group managed by the Northwest Power Pool. NERC is not requesting any Commission action on the instant filing. NERC respectfully requests that the Commission accept this filing for informational purposes only.

Respectfully submitted,

/s/ Candice Castaneda
