RE: Errata Filing to November 20, 2008 Motion for Leave to Answer and Answer of the North American Electric Reliability Corporation, Docket No. RC08-5-001

Dear Ms. Bose:

On November 20, 2008, the North American Electric Reliability Corporation (“NERC”) submitted for filing an Answer in Docket No. RC08-5-001. It has come to NERC’s attention that there was an inadvertent inclusion of the word “untimely” in reference to a set of intervention and comments submitted by the U.S. Department of Energy/Paducah Project Office in the referenced docket. By this errata filing, NERC submits a correction to the last sentence of the fourth paragraph in the filing to read as follows: “By this filing NERC requests leave to file this Answer to limited issues raise in DOE/PPPO’s intervention and comments.” No other changes to NERC’s Answer are being made.

Sincerely,

/s/ Rebecca J. Michael
