

§ 41-3-15. General powers, duties and authority of State Board of Health; general powers and duties of executive director; establishment of office of rural health [Repealed effective June 30, 2010].

(1) (a) There shall be a State Department of Health.

(b) The State Board of Health shall have the following powers and duties:

(i) To formulate the policy of the State Department of Health regarding public health matters within the jurisdiction of the department;

(ii) To adopt, modify, repeal and promulgate, after due notice and hearing, and enforce rules and regulations implementing or effectuating the powers and duties of the department under any and all statutes within the department's jurisdiction, and as the board may deem necessary;

(iii) To apply for, receive, accept and expend any federal or state funds or contributions, gifts, trusts, devises, bequests, grants, endowments or funds from any other source or transfers of property of any kind;

(iv) To enter into, and to authorize the executive officer to execute, contracts, grants and cooperative agreements with any federal or state agency or subdivision thereof, or any public or private institution located inside or outside the State of Mississippi, or any person, corporation or association in connection with carrying out the provisions of this chapter, if it finds those actions to be in the public interest and the contracts or agreements do not have a financial cost that exceeds the amounts appropriated for those purposes by the Legislature;

(v) To appoint, upon recommendation of the Executive Officer of the State Department of Health, a Director of Internal Audit who shall be either a Certified Public Accountant or Certified Internal Auditor, and whose employment shall be continued at the discretion of the board, and who shall report directly to the board, or its designee; and

(vi) To discharge such other duties, responsibilities and powers as are necessary to implement the provisions of this chapter.

(c) The Executive Officer of the State Department of Health shall have the following powers and duties:

(i) To administer the policies of the State Board of Health within the authority granted by the board;

(ii) To supervise and direct all administrative and technical activities of the department, except that the department's internal auditor shall be subject to the sole supervision and direction of the board;

(iii) To organize the administrative units of the department in accordance with the plan adopted by the board and, with board approval, alter the organizational plan and reassign responsibilities as he or she may deem necessary to carry out the policies of the board;

(iv) To coordinate the activities of the various offices of the department;

(v) To employ, subject to regulations of the State Personnel Board, qualified professional personnel in the subject matter or fields of each office, and such other technical and clerical staff as may be required

for the operation of the department. The executive officer shall be the appointing authority for the department, and shall have the power to delegate the authority to appoint or dismiss employees to appropriate subordinates, subject to the rules and regulations of the State Personnel Board;

(vi) To recommend to the board such studies and investigations as he or she may deem appropriate, and to carry out the approved recommendations in conjunction with the various offices;

(vii) To prepare and deliver to the Legislature and the Governor on or before January 1 of each year, and at such other times as may be required by the Legislature or Governor, a full report of the work of the department and the offices thereof, including a detailed statement of expenditures of the department and any recommendations the board may have;

(viii) To prepare and deliver to the Chairmen of the Public Health and Welfare/Human Services Committees of the Senate and House on or before January 1 of each year, a plan for monitoring infant mortality in Mississippi and a full report of the work of the department on reducing Mississippi's infant mortality and morbidity rates and improving the status of maternal and infant health; and

(ix) To enter into contracts, grants and cooperative agreements with any federal or state agency or subdivision thereof, or any public or private institution located inside or outside the State of Mississippi, or any person, corporation or association in connection with carrying out the provisions of this chapter, if he or she finds those actions to be in the public interest and the contracts or agreements do not have a financial cost that exceeds the amounts appropriated for those purposes by the Legislature. Each contract or agreement entered into by the executive officer shall be submitted to the board before its next meeting.

(2) The State Board of Health shall have the authority to establish an Office of Rural Health within the department. The duties and responsibilities of this office shall include the following:

(a) To collect and evaluate data on rural health conditions and needs;

(b) To engage in policy analysis, policy development and economic impact studies with regard to rural health issues;

(c) To develop and implement plans and provide technical assistance to enable community health systems to respond to various changes in their circumstances;

(d) To plan and assist in professional recruitment and retention of medical professionals and assistants; and

(e) To establish information clearinghouses to improve access to and sharing of rural health care information.

(3) The State Board of Health shall have general supervision of the health interests of the people of the state and to exercise the rights, powers and duties of those acts which it is authorized by law to enforce.

(4) The State Board of Health shall have authority:

(a) To make investigations and inquiries with respect to the causes of disease and death, and to investigate the effect of environment, including conditions of employment and other conditions that may affect health, and to make such other investigations as it may deem necessary for the preservation and improvement of health.

(b) To make such sanitary investigations as it may, from time to time, deem necessary for the protection

and improvement of health and to investigate nuisance questions that affect the security of life and health within the state.

(c) To direct and control sanitary and quarantine measures for dealing with all diseases within the state possible to suppress same and prevent their spread.

(d) To obtain, collect and preserve such information relative to mortality, morbidity, disease and health as may be useful in the discharge of its duties or may contribute to the prevention of disease or the promotion of health in this state.

(e) To charge and collect reasonable fees for health services, including immunizations, inspections and related activities, and the board shall charge fees for those services; provided, however, if it is determined that a person receiving services is unable to pay the total fee, the board shall collect any amount that the person is able to pay.

(f) (i) To establish standards for, issue permits and exercise control over, any cafes, restaurants, food or drink stands, sandwich manufacturing establishments, and all other establishments, other than churches, church-related and private schools, and other nonprofit or charitable organizations, where food or drink is regularly prepared, handled and served for pay; and

(ii) To require that a permit be obtained from the Department of Health before those persons begin operation. If any such person fails to obtain the permit required in this subparagraph (ii), the State Board of Health, after due notice and opportunity for a hearing, may impose a monetary penalty not to exceed One Thousand Dollars (\$1,000.00) for each violation. However, the department is not authorized to impose a monetary penalty against any person whose gross annual prepared food sales are less than Five Thousand Dollars (\$5,000.00). Money collected by the board under this subparagraph (ii) shall be deposited to the credit of the State General Fund of the State Treasury.

(g) To promulgate rules and regulations and exercise control over the production and sale of milk pursuant to the provisions of Sections 75-31-41 through 75-31-49.

(h) On presentation of proper authority, to enter into and inspect any public place or building where the State Health Officer or his representative deems it necessary and proper to enter for the discovery and suppression of disease and for the enforcement of any health or sanitary laws and regulations in the state.

(i) To conduct investigations, inquiries and hearings, and to issue subpoenas for the attendance of witnesses and the production of books and records at any hearing when authorized and required by statute to be conducted by the State Health Officer or the State Board of Health.

(j) To promulgate rules and regulations, and to collect data and information, on (i) the delivery of services through the practice of telemedicine; and (ii) the use of electronic records for the delivery of telemedicine services.

(k) To enforce and regulate domestic and imported fish as authorized under [Section 69-7-601](#) et seq.

(5) (a) The State Board of Health shall have the authority, in its discretion, to establish programs to promote the public health, to be administered by the State Department of Health. Specifically, those programs may include, but shall not be limited to, programs in the following areas:

(i) Maternal and child health;

(ii) Family planning;

- (iii) Pediatric services;
- (iv) Services to crippled and disabled children;
- (v) Control of communicable and noncommunicable disease;
- (vi) Chronic disease;
- (vii) Accidental deaths and injuries;
- (viii) Child care licensure;
- (ix) Radiological health;
- (x) Dental health;
- (xi) Milk sanitation;
- (xii) Occupational safety and health;
- (xiii) Food, vector control and general sanitation;
- (xiv) Protection of drinking water;
- (xv) Sanitation in food handling establishments open to the public;
- (xvi) Registration of births and deaths and other vital events;
- (xvii) Such public health programs and services as may be assigned to the State Board of Health by the Legislature or by executive order; and
- (xviii) Regulation of domestic and imported fish for human consumption.

(b) The State Board of Health and State Department of Health shall not be authorized to sell, transfer, alienate or otherwise dispose of any of the home health agencies owned and operated by the department on January 1, 1995, and shall not be authorized to sell, transfer, assign, alienate or otherwise dispose of the license of any of those home health agencies, except upon the specific authorization of the Legislature by an amendment to this section. However, this paragraph (b) shall not prevent the board or the department from closing or terminating the operation of any home health agency owned and operated by the department, or closing or terminating any office, branch office or clinic of any such home health agency, or otherwise discontinuing the providing of home health services through any such home health agency, office, branch office or clinic, if the board first demonstrates that there are other providers of home health services in the area being served by the department's home health agency, office, branch office or clinic that will be able to provide adequate home health services to the residents of the area if the department's home health agency, office, branch office or clinic is closed or otherwise discontinues the providing of home health services. This demonstration by the board that there are other providers of adequate home health services in the area shall be spread at length upon the minutes of the board at a regular or special meeting of the board at least thirty (30) days before a home health agency, office, branch office or clinic is proposed to be closed or otherwise discontinue the providing of home health services.

(c) The State Department of Health may undertake such technical programs and activities as may be required for the support and operation of those programs, including maintaining physical, chemical,

bacteriological and radiological laboratories, and may make such diagnostic tests for diseases and tests for the evaluation of health hazards as may be deemed necessary for the protection of the people of the state.

(6) (a) The State Board of Health shall administer the local governments and rural water systems improvements loan program in accordance with the provisions of [Section 41-3-16](#).

(b) The State Board of Health shall have authority:

(i) To enter into capitalization grant agreements with the United States Environmental Protection Agency, or any successor agency thereto;

(ii) To accept capitalization grant awards made under the federal Safe Drinking Water Act, as amended;

(iii) To provide annual reports and audits to the United States Environmental Protection Agency, as may be required by federal capitalization grant agreements; and

(iv) To establish and collect fees to defray the reasonable costs of administering the revolving fund or emergency fund if the State Board of Health determines that those costs will exceed the limitations established in the federal Safe Drinking Water Act, as amended. The administration fees may be included in loan amounts to loan recipients for the purpose of facilitating payment to the board; however, those fees may not exceed five percent (5%) of the loan amount.
