

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Mandatory Reliability Standards
for the Bulk Power System

Docket No. RM06-16-000

NOTICE OF EXTENSION OF TIME

(October 1, 2009)

On September 30, 2009, the North American Electric Reliability Corporation (NERC) filed a request for an extension of time to file comments in response to the Commission's September 10, 2009 notice¹ requesting comments on the Topological and Impedance Element Ranking (TIER) Report in the above-docketed proceeding. In its motion, NERC states that it requires additional time to address questions that were raised at a public presentation for the TIER report and to submit responsive comments.

Upon consideration, notice is hereby given that an extension of time for filing comments on the TIER report is granted to and including October 28, 2009.

Kimberly D. Bose,
Secretary.

¹ *Mandatory Reliability Standards for the Bulk Power System*, RM06-16-000 (Notice of Public Meeting) (September 10, 2009).
